NETWORK

Meet other flow battery stakeholders, competitors and potential clients

Fees (€)

- Supportive	33 000
- Industry	22 000
- Start-up	5 500
- Research Organisation and University	5 500
- Associate Member *	2 200
- Association Member *	2 200
- Honorary Member **	0

* Does not participate in the Executive Board

** Has no voting rights

Do not miss the opportunity to be part of a unique network of stakeholders across the entire flow battery value chain!

A UNITED VOICE THAT GETS LOUDER..

Established in April 2021, Flow Batteries Europe keeps growing and counts among its members: flow battery industry players, start-ups, research centres, and associations.

OUR VISION

To accelerate the **decarbonisation** in Europe and globally by increasing the deployment of **energy storage and flexibility solutions** through **flow battery applications**.

OUR MISSION

FBE aims to gather interested stakeholders to advance the **research and development** as well as the **commercialisation and deployment** of flow batteries in Europe.

To achieve this result, FBE will engage and **promote flow batteries** with European and other relevant organisations.

OUR STRUCTURE

The association's work is managed by the **General Assembly, the Executive Board and three Committees**:

- Business Development Committee:

Works to enhance the profile of flow batteries. Currently has two working Groups on **Green Financing** and **Flow Battery Business Cases**.

- Communications Committee:

Sets the communications strategy to increase the **association's visibility** and promote its policy.

- Technology Committee:

Identifies and promotes the **sustainability benefits of flow batteries**.
